Work History

2012-02 - 2021-06

Laboratory Manager

Luxottica, Austin, TX

- Set and oversaw quality assurance guidelines for laboratory work.
- Interviewed, hired and trained lab technicians to perform experiments and analyze results.
- Identify opportunities and developed solutions to make sure goals/metrics were met.
- Became a leader in region and was responsible for multiple low performing Laboratories, in which I achieved a 75% success rate in turning low performing locations into high performing locations.
- Creating Career Development Plans (CDPs) to help motivate and help technicians align their work with company goals.
- Kept equipment maintained, facility clean and organized and inventory stocked to maximize performance.
- Planned and coordinated new development programs to meet deadlines within allotted budget.
- Trained staff, scheduled work hours and assigned projects for 8-person work group.

2010-02 - 2021-02

Lead Technician

Luxottica, Tacoma, WA

- Enhanced manufacturing processes, reduced waste and enhanced quality.
- Adhered to established policies and standards to safely complete projects.
- Managed daily activities, assigned tasks to specific staff members and utilized proven management techniques to cut work flow downtime and maximize revenues.
- Managed team performance by training, mentoring, disciplining and motivating employees.
- Repaired, upgraded and inspected electronic, electrical and mechanical systems.
- Fostered relationships with internal and external customers.
